Attn: Mr. Gregory Conigliaro

Gentlemen:

As you know, in the drilling industry the repair of boreholes in asphalt is a daily occurrence. Your product *Boston Best Patch*, because of its consistency and ease of handling in hot and cold weather, has made these repairs a cinch.

I strongly recommend *Boston Best Patch* to anyone needing repairs as a result of boring or excavating operations in existing asphalt. It is the most convenient and cost effective method I have found for quick and lasting repairs.

Good luck on you new product.

Sincerely,

GUILD DRILLING COMPANY, INC.
